Crisis Accommodation Management Team

Who we are

Micah Projects is a community based, not-for-profit organisation with a vision to create justice and respond to injustice at the personal, social, and structural levels in church, government, business, and society.

Micah Projects subscribes to the principle of non-discrimination that seeks to guarantee that human rights are exercised without discrimination of any kind based on race, colour, sex, language, religion, political or other opinion, national or social origin, property, birth, or other status such as disability, age, marital and family status, sexual orientation and gender identity, health status, place of residence, economic and social situation.

We believe that every adult and child has the right to a home, an income, healthcare, education, safety, dignity, and connection with their community of choice.

Work Health and Safety

Everyone has a right to feel safe at work, and Micah Projects is committed to minimising the risk to any staff member, student, volunteer, contractor, consultant, and Board Member within the organisation. We work collectively to comply with the *Work Health and Safety Act 2011*.

What we do

Micah Projects works to break down barriers that exclude people from housing, healthcare, employment, and meaningful connections, and to give people a voice.

We support individuals and families including children to resolve crisis, break social isolation, have a home, access health and community services, and build a community.

We provide a range of support and advocacy services to individuals and families according to their needs. We ensure the immediate needs of participants are met in a supportive, informed, safe, and respectful manner.

Equal Opportunity

Micah Projects is an equal opportunity employer and promotes access to employment to individuals from a diverse range of social and cultural groups. We acknowledge the First Peoples of Australia as the traditional owners of this land and support their right to self-determination and cultural expression. We recognise that Brisbane is a diverse community and acknowledge the needs of individuals, families and communities relating to age, gender, disability, sexuality, and economic status.

Working together

It is important to Micah Projects that people feel welcome, have choices, and do not experience discrimination when working with Micah Projects.

It is our aim to work with participants, each other, and our partners to respectfully share knowledge, ideas, resources, and skills in order to improve the service for the people we support, and the people who work as part of Micah Projects.

Child Safe and Vulnerable Adult Safeguarding

Children and young people are entitled to live in a caring and nurturing environment and to be protected from harm and exploitation. Micah Projects is a child-safe and child-friendly organisation that prioritises the safety and wellbeing of children and young people. We actively provide guidance for management, staff, and others in identifying and responding to concerns about the abuse or neglect of a child or young person in contact with the organisation.

We extend these principles to create safe services for all participants we work with.

Micah Projects commitment to vulnerable and marginalised populations

Micah Projects Vision and Mission articulate our commitment to actively engaged with people who are marginalised, vulnerable and in many situations present with challenging behaviour.

Working in Micah Projects you are expected to proactively support this vision and mission whilst balancing the needs of staff to work in a supportive and safe environment.

To do this we actively work together to ensure that staff have the skills and knowledge to understand that many people who access our services do not have the ability to always regulate their emotions. This often occurs when they are frustrated, do not understand what options they have, and are impacted on by substance use or alcohol. The consequences result in staff being exposed to inappropriate and challenging situations which we are committed to providing training and support to problem solve and ensure services can be maintained.

Micah Projects actively wants to adapt a shared responsibility approach for creating a resilient culture whilst providing services to our most vulnerable participants. This requires self-awareness and a proactive approach within our organisational systems. We support staff in understanding the approach and context in which we work. We encourage staff to communicate their needs within this environment and a willingness to engage in problem solving strategies whilst providing support to participants.

Micah Projects provides outreach service in the community, centre-based services and services via phone. Our goal is to always disarm people with courtesy, respect and clear communication recognising that we may not always get it right and will learn from our participants when necessary. We recognise that many participants of Micah Projects have long histories of trauma from childhood and as adults. Whilst this is not an excuse for behaviours that are threatening to others, it is also an opportunity for participants to learn alternative ways of meeting their needs. This is how we implement a trauma informed and sensitive approach to our work.

We are committed to providing a culture of wellbeing and safety for our staff. Employees can access support and guidance internally and externally, as outlined in our Wellbeing Guide.
